A Great Term of Learning

This term has flown passed! The teachers and pupils have covered so much learning since Christmas! As well as all the work in Maths and English, we have seen Year 6 visiting the Unipart Factory as part of their Cars Friends or Foe topic—many thanks to the factory for all their help over the last 11 years! Year 4 & Year 2 have both taken part in morning of music performances with others schools and then performed these as assemblies to the school and parents.

Year 3 have been busy learning all about the Egyptians and held an amazing Egyptian Day with amazing Egyptian outfits and also visited Leicester's New Walk Museum to find out even more! Year 2 had a great visit to Brandon Marsh to learn more about British Wildlife, Reception have been wowed with all the fish at the Sealife Centre and Nursery pupils have been visited by the police to help them find out more about people that help us. Year 1 have visited TWO Castles this term—Warwick and Kenilworth!

These trips are so beneficial to a child's learning. Staff carefully look into each trip to make sure it will be a valuable learning experience as well as offering value for money. As per our policy, our trips are always a voluntary contribution however, without everyone paying we couldn't make them happen. If you ever need to spread the payment out to make it easier for your family, please speak to the learning mentors.

To end this newsletter this week, as this year the spring break covers two festivals, I would like to wish all those celebrating Easter a Happy Easter and those celebrating Vaisakhi a Happy Vaisakhi and to all our families in the school community, have a peaceful and enjoyable holiday and I look forward to seeing you all back at school Monday 29th April.

Mrs McCarthy

Forthcoming Events

Assembly—Vaisakhi

Saturday 13th— Sunday 28th	Easter Holidays—No School

Attendance Report

Our target is 96%, this week 11 classes managed to get that or higher so a huge well done to them.

1 —5 April

12th April 2019

PE Kits.

After you have taken home your kits over the holiday make sure you bring them back in on Monday 29th—Especially Year 5 as PE will start the first week back—and it might move day!

Mr Pahal is hoping to do most of his lessons outside next term so have the right shoes and keep your fingers crossed for good weather.

School Photos

Friday 3rd May

The school photographer is in school to take individual and family pictures, so make sure you dress smartly in clean uniform with your hair lovely and neat

Best of Luck Mrs Harris

It is a sad day for Holbrook Primary School as we say goodbye to Mrs Harris as she moves to take up the headship at Whittle Academy.

We have been very fortunate to have had Mrs Harris working at Holbrook School for the last 17 years, firstly as a teacher and then she has progressed through the ranks to Deputy Head Teacher for the last five years. We wish her all the best in her new role and know she will take a little part of Holbrook with her.

Weekly Challenge

We will **CHALLENGE** ourselves every day, in and out of school, to extend our experiences and widen our knowledge.

We had loads of amazing sporting egg creations this week. Picking a winner was a challenge!

Challenge 12... Post a card!

This holiday I would love to get a postcard from pupils to say where they have been.

It could be to one of the wonderful museum in Coventry offering great value activities this holiday. You will have received a leaflet about these this week. Or you might have a day trip to another city or go to the seaside.

Where ever you go please try and send me one card. If you forget to post it, just bring it in on Monday 29th—although addressing the card and posting it in a post box is lots of the fun.
