

This document represents an agreement between school, parent and child:

The agreement sets out the aims and values of the school and what you can expect from us whilst your child is in our care. It indicates what we expect from parents or carers and from children themselves. By working together we can achieve an effective partnership that will support the education of your child, ensuring that they achieve their BEST!

Holbrook Vision

Our journey to success...
Working together to be the BEST

The staff, governors and parents have a shared vision for all children to achieve the **BEST**

- That all children **Believe** in themselves - have pride, show respect towards others, celebrate their heritage and that of others
- That all children enjoy and are **Enthusiastic** about learning - work together and share with others the exciting things that they are learning about or experiencing in school and in the community
- That all children have **Stickability** - have resilience when facing new challenges and face them with confidence, determination and independence
- That all children have high aspirations, clear **Targets** for life - know what they want to achieve, how to get there and go for it, taking responsibility for their own learning

As a school we will encourage children to :

- Do their BEST and persevere, even when learning is hard
- Believe in themselves and their ability
- Respect each other, their faiths, beliefs and cultures
- Behave appropriately and to understand that the choices they make have consequences
- Feel proud of themselves and their achievements and understand their targets for their future success

As a school we will work together with parents to :

- Discuss your child's well being and happiness at school, both formally and informally
- Discuss your child's progress, achievements and share targets
- Provide an annual written progress report
- Share with you, information about school events and activities for children
- Offer courses in school that will help with your child's learning.
