Games Rating

As part of our computing curriculum we look at ratings on computer games—a lot of pupils tell us about games they have played on with older siblings and on their own.

Some of the games are not appropriate for younger children as they contain strong violence and bad language.

If you aren't a games player yourself, use the ratings and check the PEGI.info website to make the right choice for your child.

Please use the paths!

Could we remind all pupils and parents to use the paths when coming into school as some people are taking a short cut and the grass is looking pretty bedraggled!

WHAT IS CORRECT PE KIT?

SUPER!
